Dashboard Summary

Overview:

This dashboard analyzes the company's financial performance, budget alignment, product performance, and cash flow efficiency across months. It highlights profitability, revenue trends, working capital health, and performance gaps against targets.

Key Metrics:

- Total Budget: 31M
- Total Revenue: 24M
- Gross Margin: 46%
- EBITDA: 25%
- Net Cash Flow: 688K
- Average Receivables Aging: 24–34 Days

Key Insights:

- Revenue is consistently below budget, indicating target underachievement.
- Strong profitability margins (46% GM, 25% EBITDA) show good cost control.
- October shows a noticeable revenue dip — possible seasonality or execution issue.
- Receivables aging crosses 30 days in multiple months, affecting liquidity.
- Product C and Service X are top revenue contributors.
- Cash flow is positive but tight, requiring efficient collections.

Business Value:

- Identifies revenue gaps vs targets for corrective action
- Highlights strong margin performance for investor confidence
- Improves working capital strategy through receivables tracking
- Supports product-level decision making
- Enables data-driven forecasting and performance monitoring
